

# Alumni Talk Series

Alumni are the foundations of an Institute and acts as a torchbearer for their upcoming generation. In order to refine our PGDM Students and give them a Glimpse of the Corporate World, Alumni Talk Series are regularly planned where senior Alumni interact with the current students and guide them by sharing open feedback.

Alumni Talk Series is a series of lectures and talks by featuring speakers, specifically past GLBIMR alumni, who are excellent in their domain like Marketing, Finance, Human Resource, Information Technology, Operation Management and entrepreneurship. ATS provides a platform for thought-provoking discussions, engaging topics and networking with other GLBIMR alumni.

Alumni Talk Series brings GLBIMR Alumni to the College Campus to discuss recent breakthroughs and discoveries, offering alumni and friends a chance to share ideas and conversation.

During the orientation program every year, an interaction session is organized with Alumni to share the industry expectation and to orient students with corporate culture.

It also provided an opportunity for students to collect valuable information from alumni about various career tracks. The relaxed and intimate workshops included small-group discussions where students were encouraged to ask questions about entering the professional world.
